If you want the assurance of friendly experts who will go above and beyond to create a stress-free travel experience – then the RSE Travel team are the ones I'd recommend. While they are physically in gorgeous Motueka, their reach is global. No travel is too small, or too big. They are super friendly and approachable, drop them an email, and let them take care of the worry – whether it's your own travel, your family's, or your precious workers'. A+ would highly recommend.

Tanya Pouwhare - CEO NZEE

OUR SPECIALIST Team

RSE Travel are your professional travel provider with a team of highly experienced staff who consistently provide outstanding service to New Zealand businesses that require recognised seasonal employees.

We currently look after **120+ employers** and **over 12,000 RSE workers**, and are always looking to expand our valued client base throughout the country. We provide those requiring seasonal workers, the opportunity to access certain benefits they might otherwise miss out on.

Since the beginning of the RSE scheme we have been looking after orchards and vineyards, coordinating RSE travel from around the Pacific and Asia, and are working to ensure other businesses have access to our special airfare prices as part of our exclusive **RSE agreed travel arrangement**.

Phil Harris

MANAGING DIRECTOR

As head of the team my experience goes well beyond travel, as I fully understand the importance of ensuring that your workforce is booked, confirmed and ready to move, whether it be to or from your business. Having worked in travel for more than 45+ years and specialising in RSE travel arrangements for a range of businesses across the country, I know the importance of making sure bookings are in place and your travel requirements are met.

Since the beginning of my travel career 19 ½ years ago I have been looking after contractors and orchards coordinating their RSE travel from the Pacific. Ngaia Gill

RSE ASSISTANT

My love for travel began when I was a little girl getting to hand out the lollies on a flight from Brisbane to New Zealand. Funnily enough 17 years ago my travel career started as... A flight attendant! I then worked in the airport environment for several years learning the different areas of operations, after which moved to Blenheim and was given the chance to join the Group Sales team. I spent 5 years assisting many groups with their group travels around the world. After a break to explore other passions, I'm back and excited to be part of the RSE travel team.

Judith Gearry

RSE ASSISTANT & LEISURE TRAVEL AGENT

Having worked for World Travellers for several years, I recently took a break to focus on being a mum and supporting our family business. Now, I've returned to contribute to the RSE team by assisting with travel transactions for the RSE staff. Plus I'm here to assist with all of your own personal holiday travel.

OUR ONLINE TRAVEL Management Tool

traveRSE

Traverse all your RSE travel details in one place! Spend less time searching through your old emails for information, reduce the time you dedicate to reading and composing emails to confirm booking details, and minimise the uncertainty about the status of each booking and outstanding tasks.

The list view conveniently displays all bookings, and each one opens to a single screen where all details are at hand for your convenience.

The screenshot shows the traveRSE web application interface. The main section displays a list of bookings with columns for Booking, Origin, In, Out, Pax, PS#, Req, Conf, Dep, Bal, and S. The bookings are listed in a table format. To the right, there is a 'TASKS DUE' section with columns for In, Out, Booking, Task, and Due. The tasks are listed in a table format.

SILVER or Gold?

Silver offers a static information page for each active booking: Travel schedule, tasks, costs, and passenger names. Ideal for small businesses with a modest number of RSE travel bookings.

Gold boasts a comprehensive dashboard across all your bookings. Quickly search past and current bookings and see their status at-a-glance. See tasks that are due or coming due across all bookings, review the schedule, costs, and variations. Edit passenger (PAX) details and load passports. Add notes against any booking or passenger. Get access to all financial and travel documents for each booking and print them or email them directly from the portal. Perfect for businesses needing to manage diverse travel needs across multiple bookings and RSE employees.

Mr Apple have worked with RSE Travel for a number of years now and their agent Robbie in particular for many more years. We are a large employer of teams from the Pacific, the space we operate in is very fluid and ever changing.

We have found Robbie and the team to be outstanding and we very much value the support we receive from them. Their expertise, attention to detail, and ability to handle complex issues make them invaluable partners in ensuring our teams' travel needs are met efficiently and effectively.

We have recently signed up to their new Traverse Platform which is proving to be very useful.
